

90 Day Consultation Notice Proposed Changes to Terms & Conditions for members in Single Status workforce

Renfrewshire Council, at its full meeting on 17 February, decided to issue a 90 day consultation notice relating to changes to Terms & Conditions.

Proposals include: change/removal of nightshift allowance, re-designation of 6 of the current public holidays to floating holidays, overtime rate changes and payroll rationalisation.

UNISON feels these changes will impact on the same group of workers who lost out in the last review of T&Cs under Single Status and will negotiate with the Employer to minimise the effect of any proposals on its members.

Should we fail to reach agreement within the 90 day period the Council may decide to issue a 90 notice of Dismissal & Re-engagement in June as a way of imposing these changes.

UNISON would then have no choice but to ballot its members for Industrial Action.

We will keep you advised of developments.
